*Dear Doctor Tran,*

Thank you, Angel, for fixing my face and helping me to feel beautiful again! Thank you for your kindness, your humor, your concern, your patience, your expertise and artistry.

It has taken me so many years to move into a position to have this operation. Each time I got close to realizing it, something would happen to cause it to be postponed. It surely was the kindness of God that sent me a sweet angel like you, making the wait & the minimal pain worthwhile.

Finally, I can look in the mirror again without seeing a haggard, exhausted face with sunken eyes and wrinkled cheeks looking back at me!

Without friends and family in the area, and going through this divorce with my soon to be ex, it was especially important to have my doctor be someone that I could trust unquestionably. I knew that you were the only man that I could trust with such a job.

You have given me a new view of Life, filled with brilliant opportunities and grand adventures to come. There isn't enough money available in the world to pay for such a wonderful gift.

Thank you and your staff and surgical crew. But most importantly, Thank You for all that you are, and all that you do.

*Love and Later,*
